Features

Student Book

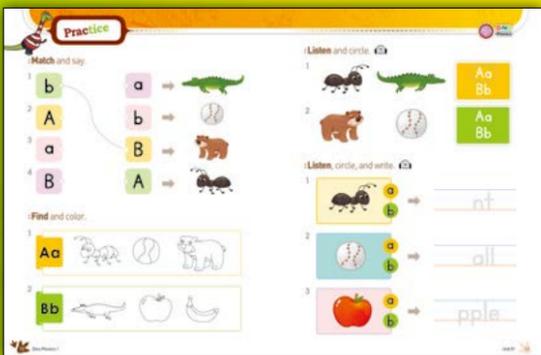

Unit Cover

Fun story characters introduce the target sounds and words of each unit. This helps students preview the target sounds with an interesting illustration.

Letter, Sound Recognition

Students are introduced to the target sounds and words through illustrations. This helps students become more familiar with the target words by tracing and sounding them out.

Practice

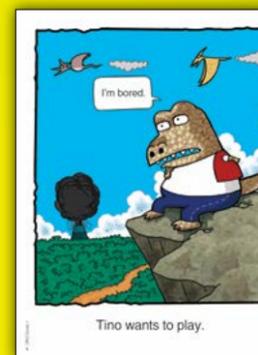

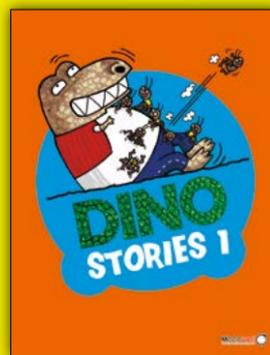

Students develop their understanding of the unit's target sounds through various exercises. They also check their understanding through the whole-word activities and writing practices. This will guide students in reading and linking the words and sounds with illustrations.

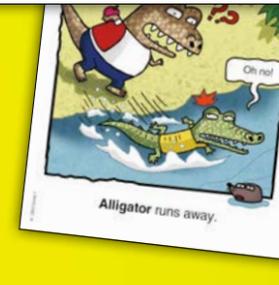

Chant and Phonic Fun

Students practice the target sounds and words they learned through fun chants. A fun and engaging game is also provided in the book so students can enjoy practicing phonic skills.

Dino Stories

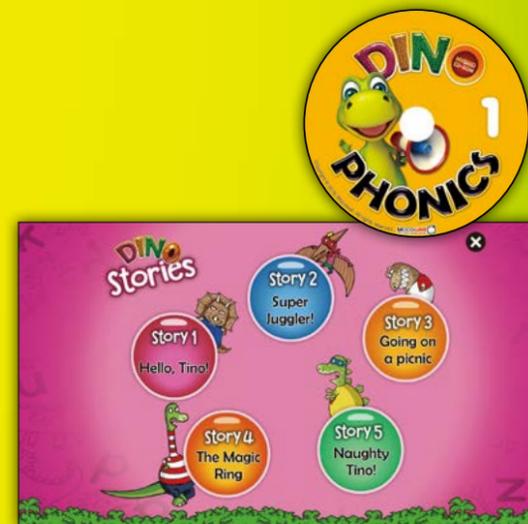

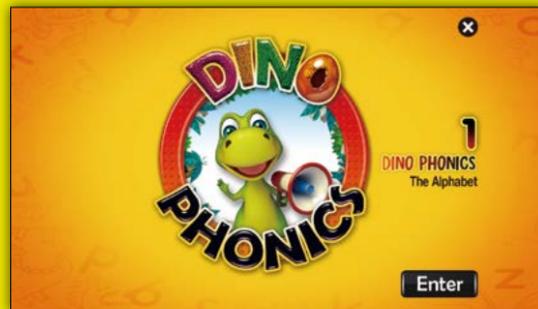

Students practice reading the target words in context through Dino Stories. They are also exposed to high-frequency words and sentence structures.

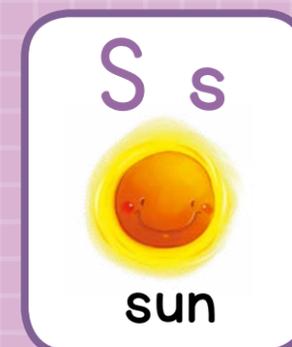

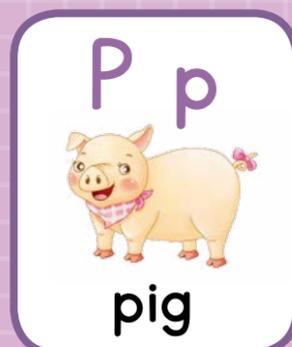

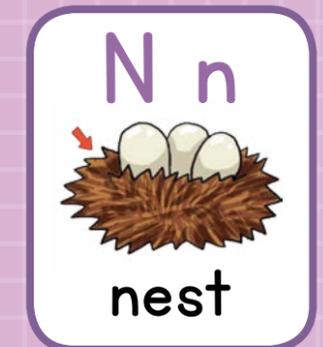

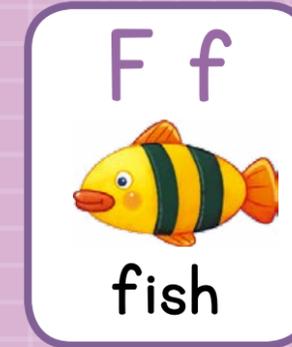

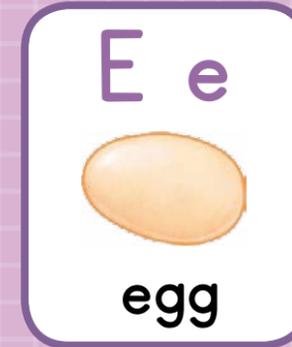

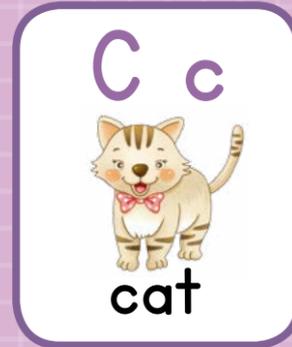

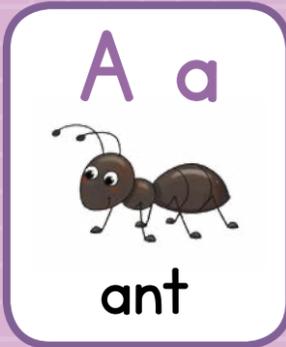

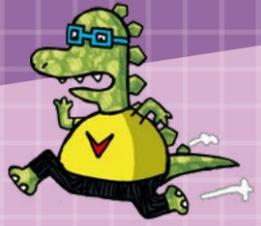

Dino Stories create humorous plots filled with captivating illustrations. Students review phonic skills they learned in the student book, and further improve their speaking skills through the accompanying Dino Stories.

Hybrid CD

Through the Hybrid CD, the student will be able to pick up phonic skills in an easy and interesting way. This provides students with a chance to review the target sounds and words from the student book. In addition, students can hear story readings and chants with illustrations.
